

SALSA ON ICE REPORT: 15 November 2018

Weather:

Weather conditions, sunny, winds 14, temperature high -06C

SALSA Drill Team members on ice: Graham Roberts, Dennis Duling, Jonas Kalin and James Roth

SCINI Team members on Ice: Bob Zook, Mark Bowling

- Day of planning as we are waiting on tracked loader and cargo
- General cleanup at SPOTSA Site
- Ordered new batteries for UPS units
- Graham Roberts was tasked with helping the SCINI project with a sea ice test.

Cargo: Still waiting on Sheave cargo, WHOI crate being moved to prepare for loading on LARS

Note: Still on schedule should load on two of the three winches tomorrow and contents of the Sheave assembly crate. On Saturday morning load the SCINI winch and the drill team will be done with preparing the cargo for traversing and with James Roth leading the effort, will concentrate on preparing the DNF cargo.

Report by Dennis Duling
